- To add text to a 2Create a Story file.
- To add sounds to a 2Create a Story file.

Key Resources

2Create a Story

Key Vocabulary

Animation

A method that turns still pictures into moving images. This technique can make drawings, computer graphics or photographs appear to move.

Background

An image on the page that shows behind the animated images.

Copy and Paste

The action of briefly saving something from a device's screen, such as an image or some text into the device's memory and then putting a copy of it somewhere else on the device. The device memory that is used is often called the clipboard.

Digital Book

A book that can be read on an electronic device. These are sometimes called e-books or electronic books.

Eraser

A tool used to remove marks made in a drawing area on the screen.

Font

The style of text used in a piece of writing.

Sound Effect

A sound other than speech or music.

Text

Words, letters, numbers or symbols typed into a device.

Undo

A command that allows you to reverse the most recent action or series of actions: It lets you go back in time to correct mistakes or changes you made.

Key Questions

What are the differences between digital books and traditional books?

Digital books are made using an electronic device such as a computer or tablet. They are read on the device and can include animation and sound.

Describe the ways that you can make characters interact in 2Create a Story.

You can make them move apart or move towards each other.
